## Material Safety Data Sheet

REVA 488( CI NO :353 )

### Section 1 - Chemical product and Company identification

|                       |   |
|-----------------------|---|
| Company Name          | REVA ENTERPRISE                             |
| Phone                 | +91-9427110853                              |
| Product Name          | REVA 488                                    |
| Product Class         | STILBENE FLORESCENT BRIGHTENER              |
| Chemical Constitution | DIAMINOSTILBENE DISULPHONIC ACID DERIVATIVE |
| CAS Number            | 52301-70-9                                  |

### Section 2 – Composition/Information on Ingredients

| Ingredient  | CAS#       | PEL/TVL<br>(mg/m <sup>3</sup> ) | Maximum %<br>Weight 25% |
|---|------------|---------------------------------|-------------------------|
| 2,2(1,2-ETHENEDIYL) BIS [(3-SULFO-4,1-PHENYLENE)AMINO[6-[BIS(2-HYDROXYETHYL)AMINO]-1,3,5,TRIAZINE-4,2-DIYL]AMINO]]HEXA SODIUM SALT FLOURESCENT BRITHENER 353. | 52301-70-9 | NOT ESTABLISHED                 |                         |

### Section-3 – Hazards identification

No special hazards

### Section-4- first Aid measures

|                     |  |
|---------------------|--|
| Global Admonition : | Replace the tainted clothes  |
| Inhalation :        | If symptomatic move to fresh air, get medical attention of symptom persist Any material that contacts the eyes should be washed out with 1N water in 15 minutes. |
| Skin :              | Wash with soap and water. Get medical attention of symptoms occur.   |

**INGESTION :** Spit immediately, drink much water, seek medical advice

## Section-5- Fire Fighting Measure

**Extinguishing Media:** Water Spray, dry chemical, Foam and Carbon Dioxide.  
**Special FIRE – Fighting procedures:** Wear self-contained breathing apparatus and protective clothing.

## Section-6- Accidental Release Measure

**Slash out when operation:** It can attain the environment protecting demand after normal dealing with waste when divulging in operating.

## Section-7- Handling and Storage

**Personal Precautionary Measures :** No special precautionary measures should be needed under anticipated conditions of use.  
**Storage :** Keep warm and container closed.

## Section-8- Personal Protection

**Eye Protection :** It is a good industrial hygiene practice to minimize eye contact.  
**Skin Protection :** It is a good industrial hygiene practice to minimize skin contact.  
**Recommended Decontamination facilities:** Eye bath, washing facilities.

## Section-9- Personal Protection

**Appearance:** Clear Yellow to Yellow Brown Liquid  
**Solubility :** 25 g/l at 90 temp.

|                                     |             |
|-------------------------------------|-------------|
| Max ultraviolet Absorb Wavelength : | 348-350mm   |
| Density at 25°C                     | 0.5-0.6g/ml |
| Ionic character:                    | anionic     |

## Section 10- Physical and Chemical Properties

|              |  |
|--------------|--|
| Reactivity : | No corrosion and dangerous reaction if use correctly.  |
| Stability :  | The treat of this product is accordant with general rule of industry fire chemicals. Keep away from dust and fire. |

## Section-11- Toxicological Information

No hazard for healthy by our knowledge and available data if it use correctly in our advice.

Effect of Exposure:

|              |  |
|--------------|--|
| Inhalation : | Low hazard for usual industrial handling or commercial handling by trained person. |
| Eyes:        | Low hazard for usual industrial handling or commercial handling by trained person. |
| Skin:        | Low hazard for usual industrial handling or commercial handling by trained person. |
| Ingestion:   | Expected to be a low ingestion hazard.   |

Acute Toxicity Data:

|                     |                                 |
|---------------------|---------------------------------|
| Oral LD-50(rat):    | >5000mg/kg(highest dose tested) |
| Oral L/D-50(mouse): | >5000mg/kg(highest dose tested) |
| Inhalation LC -50:  | Not available                   |

## Section 12- Ecological Information

Not permit to discharge in water if not beforehand deled.

Environment Impact: Not Availed

Ecological Impact: Not Availed

## Section 13- Disposal Consideration

Discharge, treatment, or disposal may be subject to national, state, or local laws.

Incinerate

## Section 14- Transport Information

NO special hazards transport it by provisional of normal chemical sanitation and safety. Air-  
International Civil Aviation Organization (ICAO)

ICAO Status: Not Regulated

Sea-International Maritime Dangerous Goods (IMDG)

IMDG Status: Not Regulated

## Section 15- Regulatory Information

This document has been prepared in accordance with the MSDS requirements of the OSHA  
Hazard Communication Standard 29 CFR 1910.1200.

OSHA Classification : Non – hazardous.
